Dear colleagues, dear friends,

we have the honor and also the pleasure to invite you to the meeting of the German Vietnamese Association of Cardiology (DVFK), which will take place

August 29th, 17:30, at Mindspace Stachus München, Herzogspitalstr. 24, 80331 München during the ESC 2026.

The **German Vietnamese Association of Cardiology (GVAC)** aims to support the clinical and scientific cooperation between Vietnamese and German Cardiologists.
Founded in 1997, the association has participated continuously in national and regional meetings of various Vietnamese Cardiovascular Societies (Ho Chi Minh City, Ha Noi, Hue und Nha Trang), in addition Vietnamese colleagues regularly visited our annual meeting in Braunschweig and Cologne.
With the upcoming meeting we are looking forward to hearing about the unique experience of our Vietnamese colleagues in the field of congenital and acquired heart diseases, imaging in cardiovascular intervention, personalized treatment strategies and atrial fibrillation ablation.
We are delighted to announce the participation of the President of the Cardiology Society of Ho Chi Minh City, Professor Dang Van Phuoc and Professor Steffen Massberg as a representative of the faculty of medicine of the LMU Munich, for a lecture. In addition it will be a pleasure to share and celebrate our friendship, which has grown over a long time.

With best regards
